Conference May 14

Workshops May 13+15

**WE ARE MOVEMENT**

Join us in Stockholm

# Increasing the Speed of Innovation

Are you ready to connect with the practitioners at the leading edge of lean agile transformation journeys?

Join leading practitioners pioneering lean product and process development as well as agile and devops?

As usual we promote the Exchange of knowledge, so we have asked all speakers to stay for the day, including a very special Networking buffet in the evening. A great networking event where everyone “gives and takes”, sharing and creating new usable knowledge.

The day will have mixed speakers giving their experiences (both successes and failures) on **Increasing the Speed of Innovation** of central importance to the business success. We have speakers from various countries and with different background like Lean Product and Process Development, Agile for hardware, Knowledge Based Development, Devops, but also mindset and culture.

Our objective is that this conference will be on the forefront of developing our way of working with innovations, within hardware, software and processes. We are aiming at creating a new milestone by combining all available schools of knowledge into something useful for everyone attending.

Everyone signing up will also be invited to our LPPDE Virtual Summits where we will be preparing some themes we will touch on the conference. The aim is to create a learning community striving for perfection, or as we say here; on **Increasing the Speed of Innovation**.

Thanks for joining us in Stockholm,

Peter Palmér, Ingela Hofverberg & Fredrik Viljesjö  
Conference chair & co-chairs

The Lean Product and Process Development Exchange, Inc. is a nonprofit organization created to foster opportunities to grow and share the knowledge, expertise and experiences that help organizations use lean product development to dramatically improve product development performance.

## LPPDE Europe 2024 Stockholm, May 13-15 Increasing the Speed of Innovation

### Monday, May 13, 2024: Pre - conference Workshop

08:30-	<b>Dantar Oosterwal</b> , Argo-Efeso consulting group – <i>The Lean Machine – The 7+1 principles of Lean Product and Process Development</i>	<b>Ulrika Thell</b> , Scania – <i>Evolving and Transforming Mindsets and Operating Systems - It Always Starts with Me!!</i>	<b>Fredrik Viljesjö</b> , We Are Movement – Enterprise Agile Essentials – Principles and Practices in Agile Development
12:00-	Lunch	Lunch	Lunch
13:30-17:00	<i>continued</i>	<b>Christer Lundh</b> , AUFERO – <i>Applying Knowledge Based Development</i>	<i>continued</i>

### Tuesday, May 14, 2024: Conference Day

08:30-	Welcome by <b>Peter Palmér</b> , Conference chair LPPDE		
08:40-	<b>Keynote: Dantar Oosterwal</b> , Argo-Efeso consulting group – <i>LPPD Increases the Speed of Innovation</i>		
09:10-	<b>Fredrik Viljesjö</b> , We Are Movement – <i>Continuous Industrialization - Increasing the Speed of Innovation by Integrating Product and Production Development</i>		
09:40-	Networking break		
10:00-	<b>Maarit Laanti</b> , WikiAgile – <i>Path to Hardware Agility</i>		
10:30-	<b>Geoff Neiley</b> , Rapiscan – <i>Practicing Speedy Innovation</i>		
11:00-	Break		
11:10-	<b>Bengt Johansson</b> , ASSA ABLOY – <i>Navigate the Innovation Landscape</i>		
11:40-	<b>Paolo Sammicheli</b> , Klimsoft and Scrum@Scale – <i>Reducing Time to Market in Hardware Development with Scrum</i>		
12:10-	Networking Lunch – Open Space		
13:30-	<b>Christer Lundh</b> , AUFERO – <i>Learning Faster with Knowledge Based Design (KBD)</i>		
14:00-	<b>TBA</b> , ROWA Masterbatch GmbH – <i>TBA</i>		
14:30-	Break		
14:40-	<b>TBA</b> , TBA – <i>TBA</i>		
15:10-	<b>Peter Palmér</b> , Scania – <i>Lean-Agile Transformation</i>		
15:40-	Networking Break		
16:00-	<b>Keynote: Durward Sobek</b> , Montana University – <i>Traversing the Technology Readiness Valley of Death</i>		
16:30-	Break
