Conference May 14

Workshops May 13+15

WE ARE MOVEMENT

THE SCIENCE OF IMPROVING INNOVATION

Increasing the Speed of Innovation

Are you ready to connect with the practitioners at the leading edge of lean agile transformation journeys?

Join leading practitioners pioneering lean product and process development as well as agile and devops?

As usual we promote the Exchange of knowledge, so we have asked all speakers to stay for the day, including a very special Networking buffet in the evening. A great networking event where everyone "gives and takes", sharing and creating new usable knowledge.

The day will have mixed speakers giving their experiences (both successes and failures) on Increasing the Speed of Innovation of central importance to the business success. We have speakers from various countries and with different background like Lean Product and Process Development, Agile for hardware, Knowledge Based Development, Devops, but also mindset and culture.

Our objective is that this conference will be on the forefront of developing our way of working with innovations, within hardware, software and processes. We are aiming at creating a new milestone by combining all available schools of knowledge into something useful for everyone attending.

Everyone signing up will also be invited to our LPPDE Virtual Summits where we will be preparing some themes we will touch on the conference. The aim is to create a learning community striving for perfection, or as we say here; on Increasing the Speed of Innovation.

Thanks for joining us in Stockholm,

Peter Palmér, Ingela Hofverberg & Fredrik Viljesjö
Conference chair & co-chairs

THE SCIENCE OF IMPROVING INNOVATION

WE ARE MOVEMENT

Monday, May 13, 2024: Pre - conference Workshop

08:30-	**Dantar Oosterwal**, Argo-Efeso consulting group – *The Lean Machine – The 7+1 principles of Lean Product and Process Development*	**Fredrik Viljesjö,** We Are Movement – Enterprise Agile Essentials – Principles and Practices in Agile Development
12:00-	Lunch	Lunch
13:00-17:00	*continued*	**Christer Lundh**, AUFERO – *Applying Knowledge Based Development*

Tuesday, May 14, 2024: Conference Day

08:30-	Welcome by **Peter Palmér**, Conference chair LPPDE
08:40-	**Keynote: Dantar Oosterwal**, Argo-Efeso consulting group – *LPPD Increases the Speed of Innovation*
09:10-	**Fredrik Viljesjö**, We Are Movement – *Continuous Industrialization - Increasing the Speed of Innovation by Integrating Product and Production Development*
09:40-	Networking break
10:00-	**Maarit Laanti**, WikiAgile – *Path to Hardware Agility*
10:30-	**Geoff Neiley,** Rapiscan – *Practicing Speedy Innovation*
11:00-	Break
11:10-	**Morten Elvang**, Open Strategy Works – *Collaborative Lean Portfolio Management*
11:40-	**Ulrika Thell**, Scania – *Evolving and Transforming Mindsets and Operating Systems - It Always Starts with Me!!*
12:10-	Networking Lunch – Open Space
13:30-	**Carl Starendal,** We Are Movement – *Leading Innovation*
14:30-	Break
14:40-	**Christer Lundh**, AUFERO – *Learning Faster with Knowledge Based Design (KBD)*
15:10-	**Peter Palmér**, Scania – *Lean-Agile Transformation*
15:40-	Networking Break
16:00-	**Keynote: Durward Sobek**, Montana University – *Traversing the Technology Readiness Valley of Death*
16:30-	Break
16:40-	**Keynote: Harry Koehnemann**, Scaled Agile Inc – *Disrupting Cyber-Physical Product Development: Delivering Innovative Solutions Faster and with Higher Quality*
17:00-	**Panel: Dantar Oosterwal, Durward Sobek, Fredrik Viljesjö, Harry Koehnemann** moderated by **Peter Palmér** – *The secrets of increasing the speed of innovation?*
18:00	*Networking buffet*

Wednesday, May 15, 2024: Post - conference workshops

08:30-	**Fredrik Viljesjö, Jesper Hoffstedt and Christian Fredriksson**, We Are Movement – *Continuous Industrialization - Integrate product & production system development*
12:00-	Lunch
13:00-17:00	**Rune Kølle Christensen**, Scaled Agile – *Do's and Don'ts When Transforming with SAFe*
