LPPDE Europe 2025 – Stockholm May 5-8

LPPDE Europe 2025 in Stockholm is approaching!

Dear participant!

Join leading thinkers pioneering lean product and process development! Are you ready to connect? To learn? To share? and have a great time with peers at the leading edge of lean improvement journey?

*The speed of your product development process is your competitive edge and therefor we are focusing on: **"Shorten Time-to-Market"**. This is a clear advantage for R&D Managers, for Product owners and for the engineers who will learn faster and create customer delight.*

Bringing innovative products to market faster is more critical than ever, yet R&D managers often struggle to accelerate timelines without sacrificing quality. Shortening time-to-market requires more than just urgency—it demands leadership alignment, cultural shifts, and process discipline to drive meaningful change.

Lean principles provide a proven framework to streamline collaboration, enhance problem-solving, and create a more responsive development process.

This conference is designed for R&D managers seeking practical strategies to empower engineers, streamline development, speed up delivery, and Shorten Time-to-Market. Through shared experiences, expert insights, and hands-on learning, you'll gain practical strategies to drive real impact. Join us to explore how Lean can help your team make the leap from complexity to speed—without sacrificing innovation or excellence!

Whether you're fired up or feeling at a loss, please come join us in May in Stockholm, Sweden, as we persevere toward ways to Shorten Time-to-Market. Our objective is to make sure you walk away inspired; with a supportive network and some new ideas you can implement right away!

We hope you'll join us in Stockholm, Sweden, May 5 - 8, 2025!

Peter Palmér, Conference chair & Christer Lundh Conference co-chair LPPDE Europe 2025

The slides from most of the presentations will be shared as a pdf after the conference and the speakers are normally very open to answering questions and to continue the EXCHANGE of knowledge.
